About BESSEY®

BESSEY® tradition

In 1889 Max Bessey founded BESSEY & Sohn as a bright steel drawing plant. Since then, BESSEY® has continuously expanded the range of products it offers – beginning with the production of manual clamping tools in the mid 1930s. The strength of BESSEY®'s continuing success is based on 4 key principles

BESSEY® means Quality

Precision and durability are at the core of the BESSEY® brand.

BESSEY® means Innovation

"To stop improving is to stop being good."
The motto of our company founder Max Bessey remains true today and is the guiding principle of everything we do.

BESSEY® means Variety

With over 1,600 available products, BESSEY® offers a tremendous range of items in its chosen field of expertise. We are THE hand clamping experts.

BESSEY® means Service

Reliability, confidence and a sense of responsibility are the backbone of our partnership with the environment and customers. BESSEY® has distinguished itself as a service-oriented company.

BESSEY® School Program

BESSEY® means Support for Educational Programs

We believe knowledge is the path to success. BESSEY® posts online help videos at [youtube.com/user/BesseyTools](https://www.youtube.com/user/BesseyTools), we support & educate in person, and help in the classroom by offering qualified* programs:

40% DISCOUNT

from the current MSRP and

FREE freight

within continental North America.

Requires payment by Visa/MC prior to shipping. Valid for woodworking or metalworking educational programs.

** BESSEY reserves the right to decide whether a program qualifies for the "BESSEY School Program".*

Questions? For more information, to request a catalog or to submit your product selections for quote then please send inquiries to info@besseytools.com
